Dear Licensee:

This is in response to the above application filed on July 1, 2019, for special temporary authority (STA) to operate at variance. You indicate that the station proposes to operate on pre-auction Channel 26 periodically with an interim antenna prior to its transition. This will allow the installation of the transmitter and combiner as well as the tower work to remove the pre-auction shared main antenna and installation of post-auction shared main antenna.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **October 18, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
